PRECONTRACT APPROVAL RECORD  
(PART TWO)

CONTRACT

LG-5020

The services and equipment being procured by this Contract No. LG-5020 are in furtherance of the IDEALIST Program(s), the nature of which cannot be publicly disclosed for security reasons. The Contracting Officer therefore determines that this procurement must be accomplished by negotiations pursuant to the authority of Section 3(a) of PL 81-110 and Class Determination and Finding, OXC 2122, signed by the DDCI on 15 October 1961.

Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress (formerly 10(b) - see 85-507 dated 7/7/58) for each contract.

The following comments describe the procurement hereby effected, the terms and provisions generally of this contract/amendment, and a resume of major issues negotiated:

Contract No. LG-5020 covers the procurement of six HR-73-B Cameras for the Air Force. The Contractor has submitted the following quotations:

17 April 1964

20 April 1964

24 June 1964

Per Camera with a Brouwer Lens <sup>25X1</sup>

Negotiations were held on 24 June 1964 resulting on an agreed upon fixed price of                                  Excluded from <sup>25X1</sup> this amount is computer time of lens glass melt analysis. As this cost cannot be predicted, an item has been included in the contract to provide for lens retooling and computer time not to exceed \$1,000.00 per camera. The final amount will be established later.
